

SAP Senior SD/MM Consultant

For our prestigious international customer we are looking for a **SAP SD/MM Senior Functional consultant** to join our team on **FULL TIME contract, 100% Remote Job**

YOUR RESPONSIBILITIES:

- As Subject Matter Expert for the SAP areas SD and MM you will design, optimize, customize & implement the processes in sales & logistic area.
- You bring sound experience with LE & TM modules and logistics processes, you have experience with integration and interfaces to the systems of external logistics solutions.
- You will advise our European Logistics, Supply Chain & Sales departments and will develop the SAP Logistics area
- You design and conduct training courses and workshops for our internal SAP SD/MM and logistics users
- For your modules, you will ensure smooth operation and availability of the system for customer's business units
- As Senior consultant you will support in creating documentation and you will act as guide for other Junior team members
- You will support on international rollout projects and AMS Support activities

WHAT WE ARE LOOKING FOR:

- Bachelor's degree required - Computer Science, MIS, Economics, Accounting or equivalent
- You have work experience as an SAP Consultant with strong expertise in SAP SD/MM modules (3-5 years)
- Knowledge in LE (inbound and outbound) & TM with focus on inbound, outbound, transports
- Ideally knowledge of SAP IDOC technology especially regarding integration with external & Transportation Management Systems (TMS)
- Profound knowledge of business processes in sales & logistics
- Experience in larger roll-out projects
- Some ABAP skills and coding understanding would be very helpful
- Fluency in English and a good knowledge of Italian (conversational) is a MUST
- Strong analytical and customer-oriented mindset
- Independent and committed way of working as well as ability to work in a team
- MS Office, MS Outlook, MS Visio and MS Project.

WHAT WE OFFER

- Enjoy great work-life balance through our 100% full-remote job opportunity
- 30 Days vacation per year
- We invest in Continuous training & Professional growth
- Possibility to work on international projects
- Occasional travels could be required (10%)
